

"I must have liked it here or I would not of stayed,"
says Howard G. Schwartz, Hungerford & Terry, Lab Technician.

After 60 years of service Howard G. Schwartz will retire
from Hungerford & Terry on January 28th, 2010.

Howard adds another milestone to the year history of H&T.
He is the only H&T person who knew the original owner and
founder Churchill Hungerford.

Howard has lived in Sewell, Mantua Township, NJ for most
of his life. He met Churchill Hungerford when he was growing
up on a local farm and the H&T founder stopped in to buy
produce for his family, which he did on a regular basis.

All of us at H&T offer west wishes and congratulation!
**"Howard may your travels in retirement be better than
all of the dreams you ever imagined."**
